BUSINESS YEAR-END TAX PLANNING

That time is again upon us when we must plan for the tax effects of what has transpired over the last year. We think it would be beneficial to you to review your tax situation prior to year-end. If you are interested in having us assist you with year-end planning, please send us the following information as soon as it is available:

- Financial statements as of October 31, 2020.
- Estimated corporate income for November and December.
- If applicable, the estimated amount of a retirement contribution the company can make for 2020.

To facilitate the year-end planning process, please let us know if you would like this service and contact us soon to schedule a mutually convenient Go To Meeting appointment to review our estimates. If we do not hear from you, we will assume that you do not need this service this year.

If you have any questions, please feel free to contact us.

We look forward to meeting with you soon.
